Lighting Set-up	Advice/ Notes
Does the venue have its own stage lighting?	
Do you need frames or stands to hang lights?	
Do you need 3 phase/ high voltage power supply?	Required if large amount of bright lighting used
What areas of the stage need to be lit?	
Can lights be hung from ceiling lighting bars?	
Does the venue have ladders/ lift to set lights?	
Lighting Requirements	
What kind of lighting is required?	General onstage lighting, spotlights, special effects?
Gobos	Have event logo projected onto walls/screens
Follow spotlights	
Moving lights	
Colours on lights	Help to reinforce event themes/ emotions
Starcloths/ backdrops	Extra sparkle
Special Effects/ pyrotechnics	For example, imitation candles, flames, smoke, fireworks
Think about	
Lighting in auditorium as well as the stage area	
Where are the house-light switches located	
Where will you position lighting desk/ operator	
Your Notes
